GOVERNOR'S WORKFORCE DEVELOPMENT DIRECTIVE NO. PY2003 - 15

SUBJECT: Program Year 2004 WIA Youth, Adult, and Dislocated Worker Allocations

- 1. Purpose.** This transmits notice of the Local Areas' PY 2004 Adult, Youth, and Dislocated Worker allocations.
- 2. Discussion.** USDOL Training and Employment Guidance Letter (TEGL) No. 23-03, a copy of which is Attachment 2 to this Directive, formalizes the state's PY 2004 WIA Section 128(b)(2) Youth, Section 131(b)(2)(A) Adult, and Section 131(b)(2)(b) (B) Dislocated Worker allotments. TEGL 23-03 also transmits preliminary estimates of PY 2004 Wagner-Peyser (ES) funding levels.

Attachment 1 specifies State and local area PY 2004 Adult, Youth, and Dislocated Worker funding levels. Note that Attachment 1, column one, depicts Adult, Youth, and Dislocated Worker "PY 2004 Allotment" amounts. These funds are available to the State and to local area for expenditure beginning July 1, 2004. Attachment 1, column two, Adult, Youth, and Dislocated Worker "FY 2004 Allotment" funds are available for State/local area expenditures beginning October 1, 2004.

All Workforce Investment Act fund activity records must be traceable to the "Program Year" or "Fiscal Year" source of the affected funds.

As authorized under the Workforce Investment Act, the Governor is withholding 15 percent of PY 2004 Adult, Youth, and Dislocated Worker funds for the conduct of WIA Statewide Activities, to include State Administration, local area performance incentive/capacity building awards, and other authorized activities. Additionally, the Governor is authorized under WIA to withhold up to twenty-five percent of the State's Dislocated Worker program allotment for the conduct of Statewide Rapid Response activities.

Specifics regarding PY 2004 Governor's WIA State Setaside amounts is contained in Directive Attachment 1.

At least eighty percent of all local area funds, including PY 2004 incentive/capacity building awards, must be obligated during PY 2004.

The WIA Fiscal Procedures Manual indicates local areas may transfer up to 20 percent of allocated Adult and/or Dislocated Worker funds between the two programs. The 2004 appropriation enacted by Congress raised these transfer limits to thirty percent for appropriated 2004 funds.

Each local area Adult/Dislocated Worker funds transfer request is documented through an appropriate modification to the affected local area's PY 2004 WIA Grant Agreement package. Each such transfer request must be accompanied by appropriate justification.

Copies of all USDOL Notice(s) of Obligation formally releasing WIA funds to the State will be contained in Attachment 3 to this Directive.

All WIA fund allocations, distributions, and awards are made subject to the continued availability of federal funds.

3. Action.

Local areas will utilize the Attachment 1 PY 2004 Youth, Adult, and Dislocated Worker allocation information when preparing their PY 2004 Grant Agreement Packages. The full amount of each local area's PY 2004 Adult, Dislocated Worker, and Youth allocations should be budgeted for PY 2004 expenditure. The PY 2004 Grant Agreement Package GWDD will indicate that Grant Agreement packages should be submitted by **May 10, 2004**.

Note that the Attachment 1 allocation summary breaks down local area Adult and Dislocated Worker allocations into "Program Year" and "Fiscal Year" components. Only the "Program Year" portion of local area Adult and Dislocated Worker allocations is available for expenditure beginning July 1, 2004. The balance of local area Adult and Dislocated Worker PY 2004 allocations, indicated under the Attachment 1 "Fiscal Year" column, is available for expenditure beginning October 1, 2004.

ADVISORY: TRAINING AND EMPLOYMENT GUIDANCE LETTER NO. 20-03

TO: ALL STATE WORKFORCE AGENCIES
ALL STATE WORKFORCE LIAISONS

/s/

FROM: EMILY STOVER DeROCCO
Assistant Secretary

SUBJECT: FY 2004 Congressional Rescissions for WIA Adults and Dislocated Workers; Workforce Investment Act (WIA) Allotments for Program Year (PY) 2004; Additional Funding from Dislocated Worker National Reserve for Adult/Dislocated Worker Activities for Eligible States; Wagner-Peyser Act Final Allotments for PY 2004; and Work Opportunity Tax Credit (WOTC) and Welfare-to-Work (W-t-W) Tax Credit Allotments for FY 2004

1. Purpose. To provide states and outlying areas with FY 2004 Congressional Rescissions for WIA Adults and Dislocated Workers; WIA Title I Adults and Dislocated Workers and Youth Activities allotments for PY 2004; additional PY 2004 Dislocated Worker National Emergency Reserve funds for eligible states; final allotments for PY 2004 Employment Service (ES) activities, as required by Section 6(b)(5) of the Wagner-Peyser Act, as amended; and Work Opportunity Tax Credit and Welfare-to-Work (W-t-W) Tax Credit allotments for FY 2004.

2. References. Wagner-Peyser Act, as amended (29 U.S.C. 49 *et seq.*); Workforce Investment Act of 1998 (WIA), (29 U.S.C. 2801 *et seq.*) P.L. 106-113; Planning Guidance and Instructions for Submission of the Strategic Five-Year State Plan for Title I of the Workforce Investment Act of 1998 and the Wagner-Peyser Act (64 F.R. 9402 (February 25, 1999)); State Unified Planning Guidance (65 F.R. 2464 (January 14, 2000)); Training and Employment Guidance Letter (TEGL) No. 11-98; TEGL 3-99, dated January 31, 2000; TEGL 12-00, dated March 6, 2001; TEGL 22-00, dated May 23, 2001; and TEGL 13-01, dated March 15, 2002.

3. Background. The WIA allotments, the Wagner-Peyser Act final allotments, and the Work Opportunity and W-t-W Tax Credit allotments are part of the Fiscal Year 2004 funds appropriated in the Consolidated Appropriations Act, 2004, Public Law 108-199, signed into law January 23,

2004. This appropriation also incorporated an across-the-board reduction of 0.59 percent to all FY 2004 discretionary programs, including FY 2004 advance funds for the Adults and Dislocated Workers programs appropriated in the FY 2003 appropriation. Attachments III-A and IV-A reflect the distribution of the rescission to FY 2004 advance funds.

The WIA allotments for states are based on formulas defined in the Act (see Attachment I for WIA and Wagner-Peyser formula descriptions). The WIA allotments for outlying areas are based on a discretionary formula as authorized under WIA Title I. The Freely Associated States (Marshall Islands, Micronesia, and Palau) continue to receive WIA funding pursuant to P.L. 108-188, Compact of Free Association Amendments of 2003, (December 17, 2003), which supercedes WIA section 127(b)(1)(B)(i)(IV). This is the first year that 2000 census data is used in the allotment formulas for the outlying areas. These allotments and descriptions of the allotment formulas are expected to be published in the Federal Register on March 25, 2004. Comments are being invited from the public only on the formula used to distribute outlying areas funds.

4. State Youth Activities Funds: Title I--Chapter 4--Youth Activities

A. State Allotments. Attachment II contains a breakdown of the WIA Youth Activities program allotments by state for PY 2004 and provides a comparison of these allotments to PY 2003.

The total amount available for states was below the required \$1 billion threshold specified in Section 127(b)(1)(C)(iv)(IV); therefore, as in PY 2003, the WIA additional minimum provisions were not applied. Instead, as required by WIA, the JTPA section 202(a)(3) (as amended by section 701 of the Job Training Reform Amendments of 1992) minimums of 90 percent hold-harmless of the prior year allotment percentage and 0.25 percent state minimum floor were used. Also, as required by WIA, the provision applying a 130 percent stop-gain of the prior year allotment percentage was used. The three formula factors required in WIA use the following data for the PY 2004 allotments:

- (1) the number of unemployed for areas of substantial unemployment (ASU's) are averages for the 12-month period, July 2002 through preliminary June 2003;
- (2) the number of excess unemployed individuals or the ASU excess (depending on which is higher) are averages for the same 12-month period used for ASU unemployed data; and
- (3) the number of economically disadvantaged youth (age 16 to 21, excluding college students and military) are from the 2000 Census. This is the first year that 2000 census data is used in the allotment formula.

B. PY 2004 Funding Agreement/Notice of Obligations (NOOs). Pursuant to WIA section 189(g)(1)(B), youth program allocations will be issued on April 1, 2004. In preparation for this action, funding documents have been transmitted to the state WIA signatory officials for their completion and return to DOL, for execution by the ETA Grant Officer on April 1, 2004.

C. Within-State Allocations. Youth Activities funds are to be distributed

among local workforce investment areas (subject to reservation of up to 15 percent for statewide workforce investment activities) in accordance with the provisions of WIA section 128 and according to the approved state plan. Special 2000 Census data was recently provided to states by Social Policy Research, Inc., to develop data by local area for the Youth with-in state allocations. States should use this data to develop the number of economically disadvantaged (lower of poverty level or 70% of Lower Living Standard Income Level, excluding college and military) youth, age 16 to 21, for the WIA statutory formula. There is an exception to this definition for four states with Rural Concentrated Employment Program grantee areas: for those areas, the four states are to use the higher of the number of individuals age 16 to 21 below the low-income level applicable for the state (special 2000 Census tabulation provided for these states), or the number of economically disadvantaged individuals, age 16 to 21, as described above.

D. Transfers of Funds. There is no authority for local workforce investment areas to transfer funds to or from the Youth Activities program.

E. Reallotment of Funds. Reallotment of Youth Activities formula funds, as provided for by WIA section 127(c), will be based on completed program year financial reports submitted by the states. Pending the outcome of proposed WIA reauthorization legislation, reallotment of funds among states under WIA will occur during PY 2004 based on obligations made during PY 2003 (20 CFR §667.150 of the WIA interim final regulations). There were no recapture/reallotment of WIA youth funds in PY 2003.

5. State Adult Employment and Training Activities Funds: Title I--Chapter 5--Adult and Dislocated Worker Employment and Training Activities

A. State Allotments. Attachment III-B shows the PY 2004 Adult Employment and Training Activities allotments and comparison to PY 2003 allotments by state.

As in the Youth Activities program, the WIA minimum provisions were not applied for the PY 2004 Adult Activities allotments because the total amount available for the states was below the \$960 million threshold required for Adults in section 132(b)(1)(B)(iv)(IV). Instead, as required by WIA, the JTPA section 202(a)(3) (as amended by section 701 of the Job Training Reform Amendments of 1992) minimums of 90 percent hold-harmless of the prior year allotment percentage and 0.25 percent state minimum floor were used. Also, like the Youth Activities program, a provision applying a 130 percent stop-gain of the prior year allotment percentage was used. The three formula factors use the same data as were used for the Youth Activities formula, except that data for the number of economically disadvantaged adults (age 22 to 72, excluding college students and military) from the 2000 Census were used. This is the first year that 2000 census data is used in the allotment formula.

B. NOO's. For the FY 2004 rescission applied to the funds appropriated for PY 2003, NOO's under the PY 2003 WIA grant agreement will be issued de-obligating the required amounts (see Attachment II-A). For PY 2004,

Congress appropriated funds for this program in two portions: \$186,890,800 available for obligation on July 1, 2004 (PY 2004), and \$712,000,000 available for obligation on October 1, 2004 (FY 2005). Allotments to states are prorated based on these amounts and two NOO's will be issued: one for July 1, 2004, under the PY 2004 WIA grant agreement, and the other for October 1, 2004, (also under the PY 2004 WIA grant agreement) (see III-C).

C. Within-State Allocations. Adult Activities funds for both the FY 2004 rescissions and PY 2004 allotments are to be distributed among local workforce investment areas (subject to reservation of up to 15 percent for statewide workforce investment activities) in accordance with the provisions in WIA section 133 and according to the approved state plan. States should also use the special 2000 Census data provided by Social Policy Research, Inc., to develop data by local area for the Adult with-in state allocations: the number of economically disadvantaged (lower of poverty level or 70% of Lower Living Standard Income Level, excluding college and military) adults, age 22 to 72. The same exception to this definition described for the Youth program above applies for the four states with Rural Concentrated Employment Program grantee areas: for those areas, the four states are to use the higher of the number of individuals age 22 to 72 below the low-income level applicable for the state, or the number of economically disadvantaged individuals, age 22 to 72, for the WIA statutory formula.

D. Transfers of Funds. WIA Section 133(b)(4) provides the authority for workforce investment areas, with approval of the Governor, to transfer up to 20 percent of the Adult Activities funds to Dislocated Workers Activities, and up to 20 percent of Dislocated Workers Activities funds to Adult Activities. The 2004 appropriation enacted by Congress raised these transfer limits to 30 percent for appropriated 2004 funds.

E. Reallotment of funds. Reallotment of Adult Activities formula funds, as provided for by WIA section 132(c), will be based on completed program year financial reports submitted by the states. Pending the outcome of proposed WIA reauthorization legislation, reallotment of funds among states under WIA will occur during PY 2004 based on obligations of PY 2003 funds made during PY 2003 (20 CFR §667.150 of the WIA interim final regulations). There was no recapture/reallotment of WIA Adult Activities funds in PY 2003.

6. State Dislocated Worker Employment and Training Funds: Title I--Chapter 5--Adult and Dislocated Worker Employment and Training Activities

A. State Allotments. Attachment IV-B shows the PY 2004 Dislocated Worker Activities fund allotments by state.

The three formula factors required in WIA use the following data for the PY 2004 allotments:

- (1) number of unemployed are averages for the 12-month period, October 2002 through September 2003;

(2) number of excess unemployed are averages for the 12-month period, October 2002 through September 2003; and

(3) number of long-term unemployed are averages for calendar year 2002.

B. NOO's. For the FY 2004 rescission applied to the funds appropriated for PY 2003, NOO's under the PY 2003 WIA grant agreement will be issued de-obligating the required amounts (see Attachment IV-A). For PY 2004, Congress appropriated funds for this program in two portions, \$330,192,303 available for obligation on July 1, 2004 (PY 2004), and \$848,000,000, available for obligation on October 1, 2004 (FY 2005). Allotments to states will be prorated based on these amounts (also as specified by Congress for the formula and Secretary's Reserve) and two NOO's will be issued: one for July 1, 2004, under the PY 2004 WIA grant agreement, and the other for October 1, 2004, (also under the PY 2004 WIA grant agreement) (see Attachment IV-C).

C. Within-State Allocations. Dislocated Worker Activities funds for both the FY 2004 rescissions and PY 2004 allotments are to be distributed among local workforce investment areas (subject to reservations for Rapid Response and statewide workforce investment activities) in accordance with the provisions in WIA section 133 and according to the approved state plan.

D. Transfers of Funds. WIA Section 133(b)(4) provides the authority for workforce investment areas, with approval of the Governor, to transfer up to 20 percent of the Adult Activities funds to Dislocated Workers Activities, and up to 20 percent of Dislocated Workers Activities funds to Adult Activities. The 2004 appropriation enacted by Congress raised these transfer limits to 30 percent for appropriated 2004 funds.

E. Reallotment of Funds. Reallotment of Dislocated Worker Activities formula funds, as provided for by WIA section 132(c), will be based on completed program year financial reports submitted by the states. Pending the outcome of proposed WIA reauthorization legislation, reallotment of funds among states under WIA will occur during PY 2004 based on obligations made during PY 2003 (section 667.150 of the WIA interim final regulations). Recapture/ reallotment of WIA Dislocated Worker Activities funds for 2003 was announced in TEGL 17-03, dated February 23, 2004.

7. Additional PY 2004 Funding from the Dislocated Worker National Emergency Reserve for WIA Adult/Dislocated Worker Activities for Eligible States

A. Background. Section 173(e) of WIA provides that up to \$15 million from the Dislocated Workers Emergency reserve is to be made available to not more than eight states with the largest ratio of Adult program JTPA formula amount to WIA formula amount, in amounts equal to the difference between the allotment that a state would receive for adult training activities under the WIA formula and the state's allotment as calculated under JTPA Title II-A. Three states are eligible for these additional PY 2004 funds for a total of \$7,872,467. The additional funding will be provided from the Dislocated Worker National Emergency Grants Reserve funds and are to be used for Adult or Dislocated Worker Activities, as required by section 173

(e). See paragraph 10 below for reporting requirements for these funds.

B. NOO's. NOO's to the eligible states for the additional Section 173(e) 2004 funding amounts will be issued under separate PY 2004 WIA grant agreements (see Attachment III-D).

C. Within-State Allocations. In accordance with the requirements of Section 173(e), these additional funds are to be distributed among local workforce investment areas (with no reservation for statewide workforce investment activities) on the basis of the same formulas used by the state to allocate funds within the state for PY 2004 Adult Activities or Dislocated Worker Activities, as described above. The allocation formulas are to use the same data as used for the Adults/Dislocated Worker formula funds, including the new 2000 Census data, also described above.

8. Wagner-Peyser Act Final Allotments. Attachment V shows the Wagner-Peyser final allotments by state for PY 2004. These allotments have been calculated using the formula set forth at section 6 of the Wagner-Peyser Act (29 U.S.C. 49e). They are based on each state's share of monthly averages of the civilian labor force (CLF) and unemployment for calendar year 2003.

Under section 7(b) of the Wagner-Peyser Act, ten percent of the total sums allotted to each state shall be reserved for use by the Governor to provide performance incentives for ES offices, services for groups with special needs, and for the extra costs of exemplary models for delivering job services.

9. Work Opportunity and Welfare-to-Work Tax Credits Program: Grants to States.

Attachment VI shows the FY 2004 Work Opportunity and Welfare to Work Tax Credit grants by state. After reserving \$580,745 for postage and \$20,000 for the Virgin Islands, funds are distributed to states by administrative formula with a \$64,000 minimum allotment and a 95% stop-loss/120% stop-gain from the prior year allotment share percentage. The FY 2004 allotment formula is as follows:

- (1) 50% based on each state's relative share of total FY 2003 certifications issued for the
- (2) WOTC/W-t-W Tax Credit programs;
- (3) 30% based on each state's relative share of the Civilian Labor Force (CLF) for year ending September 2003; and
- (4) 20% based on each state's relative share of the adult recipients of Temporary Assistance for Needy Families (TANF) for FY 2002.

The legislative authority for the Work Opportunity and Welfare-to-Work Tax Credits expired on December 31, 2003. While bills are being considered in Congress to reauthorize these tax credits, the lack of reauthorization has caused a lapse of continuity or hiatus. TEGL 18-03 assumed no funding after 12/31/03 and provided guidance to states for handling WOTC matters during the hiatus. This TEGL, by announcing full year FY 2004 funding, supercedes the funding information in TEGL 18-03. State Workforce Agencies are to use the Fiscal Year 2004 funds announced herein to: (1) fully process all WOTC/W-t-W Tax Credit certification requests for employer

hires made prior to January 1, 2004; (2) accept, date stamp, log, and process employers' requests for certifications received after December 31, 2003, up to, but not including issuance of the actual certification or denial (**Note** - states may not issue eligibility certifications or denials until the program is reauthorized); (3) continue issuing Conditional Certifications; and (4) process any existing backlogs.

Additional guidance on the use of these funds will be provided in a separate TEGL.

10. Reporting. For the WIA formula programs, states will be required to submit one WIA quarterly financial status report for each of the fund sources received (including a separate report for each of the funding periods for Adults and Dislocated Workers--July 1 funds and October 1 funds). This report will be divided into six separate sub-reports detailing statewide activities; statewide rapid response (Dislocated Workers Activities); local area administration; local area Youth program activities; local area Adult program activities; and local area Dislocated Workers program activities. For the additional Section 173(e) funding for Adult/Dislocated Activities, the affected states are not to include these funds on the above mentioned financial status reports, since the funds come from the Dislocated Worker National Emergency Reserve. Instead, those states will be required to submit separate financial status reports applicable for Dislocated Worker National Emergency Reserve funds; specific instructions will be provided in the grant award document.

Performance Reporting

The Employment and Training Administration issued TEGL 15-03, Common Measures Policy, in December 2003, informing states and grantees about ETA's policy on common performance measures for Federal job training programs. The ETA will implement the common measures through a revised reporting system--an integrated performance information system that would replace current reporting requirements with a single, comprehensive system. This proposed reporting system will be published in the Federal Register in the Spring 2004 for comment.

11. Inquiries. Questions regarding these allotments and planning requirements may be directed to the appropriate Regional Office. Information may also be found at the website - <http://www.doleta.gov>.

WIA and Wagner-Peyser Statutory Formulas for State Allotments

Formula Descriptions

Youth Activities

Formula:

1/3: State relative share of total unemployed in areas of substantial unemployment (ASU) (12 months ending 6/30)

1/3: State relative share of excess unemployed (12 months ending 6/30)

1/3: State relative share of economically disadvantaged youth (Census 1990)

Minimums:

(a) If total amount available for States is \$1 billion or less:

State allotment cannot be less than

(1) 90% of States's relative share of prior year funding

(2) 0.25% of total available funds for States

(b) If total amount available for States exceeds \$1 billion:

State allotment cannot be less than

(1) 90% of States's relative share of prior year funding

(2) 1998 allotment amount

(3) 0.3% of first \$1 billion plus 0.4% of amount over \$1 billion

Maximum:

130% of States's relative share of prior year funding

Adult Activities

Same as Youth Activities, except

(a) Formula uses economically disadvantaged ADULTS instead of YOUTH

(b) Threshold for selecting minimum provisions is \$960 million instead of \$1 billion

Dislocated Workers

Formula:

1/3: State relative share of total unemployed (12 months ending 9/30)

1/3: State relative share of excess unemployed (12 months ending 9/30)

1/3: State relative share of long-term unemployed (previous published Calendar Year)

Minimum: none

Maximum: none

Employment Service (Wagner-Peyser)

Formula for 97% of funds:

2/3: State relative share of civilian labor force (12 months ending 9/30)

1/3: State relative share of total unemployment (12 months ending 9/30)

Minimums:

(a) 90% of States's relative share of prior year funding

(b) 0.28% of total available funds for States

Maximum:

Distribution of 3% of funds:

(1) States with civilian labor force of 1 million and under the national median civilian labor force density receive an amount which when added to their share of the 97% portion will result in an amount equal to 100% of their relative share of the prior year funding.

(2) Remaining States losing in relative share receive a share of the remaining funds prorated based on the amount needed to achieve 100% of their relative share of prior year funding.

Formula Data Factor Definitions

Youth and Adults Programs

ASU: contiguous areas with unemployment rate of 6.5% or more

Excess unemployed: higher of:

(1) excess unemployed (unemployment in excess of 4.5%) in ASU's; or

(2) excess unemployed (unemployment in excess of 4.5%) in all areas

Economically disadvantaged adults: individuals age 22-72 meeting (or member of family meeting):

OMB poverty level or

or 70% of lower living standard income level (LLSIL).

Economically disadvantaged youth: individuals age 16-21 meeting (or member of family meeting):

OMB poverty level or

or 70% of lower living standard income level (LLSIL).

Dislocated Workers Program

Excess unemployed: unemployment in excess of 4.5%

Long-term unemployed: number unemployed 15 or more weeks

Wagner-Peyser:

Self-explanatory
